
Adorage All-in-one Package Vol. 1-13 23

Accentuate the romantic moments in your wedding documentary or film about your family with accessory effects such as rings, hearts, bells and more. It's very simple, just choose what you need and apply them. 1. Create a 6x4 inch document with a black background. In Photoshop, click on the blank space on the canvas and create a 6x4 inch selection. Fill the selection with black. 2. In Illustrator, paste the 3 images into the same file. 3. Change the blend mode to Multiply and resize the image to 6x4 inches. 4. Change the foreground color to black and fill the selection with black. 5. Apply the shadow effect.
